

Application Serial No. 10/051,065

REMARKS

Claims 11, 13-14, 26, 29, 30, 35 and 37 are rejected under 35 U.S.C. 112,
second paragraph as being indefinite due to certain wording issues. Claims 11,
13, 14, 35 and 37 are amended herein to address those issues. As noted below,
5 Claims 26, 29 and 30 are cancelled herein.

Claims 25-26 and 29-34 are rejected under 35 U.S.C. 103(a) as being
obvious in light of a hypothetical combination of Van Huben and Harvey. In the
interest of expediting the prosecution, Applicant herein cancels claims 25-26 and
29-34. For the record, Applicant disagrees with the Examiner's position that
10 claims 25-26 and 29-34 are obvious in light of the hypothetical combination, and
reserves the right to file a Continuation claiming the subject matter of the
cancelled claims.

In view of the above, the Application is deemed to be in allowable
condition. The Examiner is therefore earnestly requested to withdraw all
15 outstanding rejections and objections, allowing the Application to pass to issue
as a United States Patent. Should the Examiner have any questions regarding
the application, he is respectfully urged to contact Applicant's attorney at (650)
474-8400.

Respectfully submitted,

Michael A. Glenn
